The [Frostbite Scramble](#), presented by [Silver Circle Foundation, Inc 501\(c\)3](#) is similar to a 9 hole golf scramble on frozen Silver Lake. "Golfers" use a tennis ball and are allowed to use any device to strike the ball from the ground. Teams are comprised of 2-5 golfers with a shotgun start.

What's the difference between a golf outing and a Frostbite Scramble?

- ◆ It's on ice
- ◆ Fire on the course
- ◆ The silence rule is forbidden
- ◆ Verbal heckling of other players is encouraged
- ◆ The beer is always cold
- ◆ Spectators are encouraged
- ◆ The number of clubs are not limited

Course

Nine hole, par 35, 1400 yards. Hole distances vary from a 75 yard par 3 too a 200 yard par 5. Tee boxes are Astroturf and the green will be shoveled and relatively smooth. The remainder of the course is un-shoveled. Golfers must use a tennis ball (supplied) but can use any device to hit the ball provided it is hit from the ground.
