This is a fast and flat out and back course starting on the road. After a short road run (0.17 miles), you will enter the trail. **Please be careful as there is a step up onto the curb before entering the path.** There is a map on the website that shows this.

Staging – please allow faster runners to stage at the front of the line. Strollers should stage at the rear.

Stay to the right on course on do not run more than 2 wide. Passing runners have very sharp elbows!

The 5K, 10K & ½ marathon turn will be marked with a 2X3 foot sign in the middle of the path. Please make the turn there. If you hit Lake Monona you went too far.

The Glacial Drumlin Trail is a public path and others may be on it during the race. There are police officers and course marshals at road crossings but those are public roads and NOT closed. Please watch for staff directions and look both directions before crossing.
