

Boost Your Workplace Wellness Program with Silver Circle Sports Events

Silver Circle Sports Events makes it easy to integrate running and walking events into your workplace wellness initiatives. Our program provides a seamless way for your team to participate in races while promoting a healthy, active lifestyle.

How It Works:

✓ **Get Started** – Provide us with your workplace details:

- Company name
- Contact person's name, email, and phone number
- Anticipated number of participants
- Type of discount (full or percentage of entry fee)

✓ **Custom Discount Code** – We'll generate a unique code for your employees to use at registration, offering a waived or reduced entry fee based on your wellness program's benefits.

✓ **Simple Invoicing** – The day after the race, we'll send you an invoice for the discounted registrations, which can be conveniently paid online.

Encourage employee wellness and engagement through participation in high-quality endurance events. Let's work together to keep your team moving!
